Your Health Profile

Why This Form Is Important

As a wellness based multi-disciplinary clinic, we focus on your ability to be healthy. Our goals are, first to address the issues that brought you to us, and second to offer you the opportunity of improved health potential in the future. On a daily basis we experience physical, chemical and emotional stresses that can accumulate and result in serious loss of health potential. Most times the effects are gradual; not even felt until they become serious. Answering the following questions will give us a profile of the specific stresses you have faced in your lifetime, allowing us to better assess the challenges to your health potential.

The Early Years (to age 16)

Research is showing that many of the health challenges that occur later in life have their origins during the developmental years, some starting at birth. Please answer the following questions to the best of your ability.
